## Special Educational Needs Policy

### **Definitions of special educational needs (SEN) taken from section 20 of the Children and Families Act 2014:**

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- a) have a significantly greater difficulty in learning than the majority of others of the same age; or
- b) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

A child under compulsory school age has special educational needs if they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

The coalition government is reforming the way in which provision and support is made for children and young people with special educational needs and/or disabilities in England. New legislation (The Children and Families Act 2014) enacted on the 13th March 2014 comes into force from the 1st September 2014. A new SEN Code of Practice also accompanies this legislation.

More details about the reforms and the SEN Code of Practice can be found on the Department for Education's website:

[www.education.gov.uk/schools/pupilsupport/sen](http://www.education.gov.uk/schools/pupilsupport/sen)

One significant change arising from the reforms is that Statements of Special Educational Needs, for those children with the most complex needs, have now been replaced with a new Education, Health and Care (EHC) Plan.

The SEND Local Offer is a resource which is designed to support children and young people with special educational needs and/or disabilities and their families. It describes the services and provision that are available both to those families in Nottinghamshire that have an Education, Health and Care Plan and those who do not have a plan, but still experience some form of special educational need. The SEND Local Offer includes information about public services across education, health and social care, as well as those provided by the private, voluntary and community sectors.

Together we take pride in making a positive contribution to our school and the wider community.

### **Responsibility for the coordination of SEN provision**

The person responsible for overseeing the provision for all children with SEN is David Spruce (Headteacher) which is co-ordinated, led and managed by Kirsty Graham (SENDCO).

### **Admission arrangements**

Please refer to the information contained in our school prospectus and/or website.

The admission arrangements for all pupils are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEN; those with Education, Health and Care Plans and those without.

### **Specialist SEN provision**

We are committed to whole school inclusion. In our school we support children with a range of special educational needs. We will seek specialist SEN provision and training from SEN services where necessary.

### **Facilities for pupils with SEN**

The school complies with all relevant accessibility requirements, please see the school accessibility plan for more details.

### **Identification of pupils needs**

#### **Identification:**

#### ***Quality First Teaching***

- a) Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
- b) Once a pupil has been identified as possibly having SEN they will be closely monitored by staff in order to assess their level of learning and possible difficulties.
- c) The child's class teacher will take steps to provide differentiated learning opportunities that will aid the pupil's academic progression and enable the teacher to better understand the provision and teaching style that needs to be applied.
- d) The SENDCO will be consulted as needed for support and advice and may wish to observe the pupil in class.
- e) Through (b) and (d) it can be determined which level of provision the child will need going forward.
- f) If a pupil has recently been removed from the SEN register they may also fall into this category as continued monitoring will be necessary.
- g) Parents will be informed fully of every stage of their child's development and the circumstances under which they are being monitored. They are encouraged to share information and knowledge with the school.
- h) The child is recorded by the school as being under observation due to concern by parent or teacher but this does not automatically place the child on the school's SEN register. Any concerns will be discussed with parents informally or during parents' evenings.
- i) Ongoing assessment and termly assessment points are used to monitor and assess the progress being made by children.
- j) Parents' evenings and school reports are used to inform parents of the progress being made by their child.

### **SEN Support**

Where it is determined that a pupil does have SEN, parents will be formally advised of this and the decision will be added to the SEN register. The aim of formally identifying a pupil with SEN is to help school ensure that effective provision is put in place and so remove barriers to learning. The support provided consists of a four – part process:

- Assess
- Plan
- Do
- Review

This is an ongoing cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables the identification of those interventions which are the most effective in supporting the pupil to achieve good progress and outcomes.

#### **Assess**

This involves clearly analysing the pupil's needs using the class teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents. The pupil's views and where relevant, advice from external support services will also be considered. Any parental concerns will be noted and compared with the school's information and assessment data on how the pupil is progressing.

This analysis will require regular review to ensure that support and intervention is matched to need, that barriers to learning are clearly identified and being overcome and that the interventions being used are developing and evolving as required. Where external support staff are already involved their work will help inform the assessment of need. Where they are not involved they may be contacted, if this is felt to be appropriate, following discussion and agreement from parents.

### **Plan**

Planning will involve consultation between the teacher, SENDCO and parents to agree the adjustments, interventions and support that are required; the impact on progress, development and or behaviour that is expected and a clear date for review. Parental involvement may be sought, where appropriate, to reinforce or contribute to progress at home.

All those working with the pupil, including support staff will be informed of their individual needs, the support that is being provided, any particular teaching strategies/approaches that are being employed and the outcomes that are being sought.

### **Do**

The class teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to-one teaching away from the main class teacher. They will work closely with learning support staff to plan and assess the impact of support and interventions and to make links with classroom teaching. Support with further assessment of the pupil's strengths and weaknesses, problem solving and advising of the implementation of effective support will be provided by the SENDCO and Senior Leadership Team.

### **Review**

Reviews of a child's progress will be made regularly. The review process will evaluate the impact and quality of the support and interventions. It will also take account of the views of the pupil and where necessary their parents. The class teacher, in conjunction with the SENDCO will revise the support and outcomes based on the pupil's progress and development making any necessary amendments going forward, in consultation with parents and the pupil.

### **Referral for an Education, Health and Care Plan**

If a child has lifelong or significant difficulties they may undergo a Statutory Assessment Process (this is usually requested by the school but can be requested by a parent). This will occur where the complexity of need or a lack of clarity around the needs of the child are such that a multi-agency approach to assessing that need, to planning provision and identifying resources, is required.

The decision to make a referral for an Education, Health and Care Plan will be taken at a progress review.

The application for an Education, Health and Care Plans will combine information from a variety of sources including:

- Parents
- Teachers
- SENDCO
- Social Care
- Health professionals

Information will be gathered relating to the current provision provided, action points that have been taken, and the preliminary outcomes of targets set. A decision will be made by the local authority at a panel

application meeting. Parents have the right to appeal against a decision not to initiate a statutory assessment leading to an EHC Plan.

### **Education, Health and Care Plans (EHC Plan)**

- a) Following Statutory Assessment, an EHC Plan will be provided, if it is decided that the child's needs are not being met by the support that is ordinarily available. The school and the child's parents will be involved in developing and producing the plan.
- b) Parents have the right to appeal against the content of the EHC Plan. They may also appeal against the school named in the Plan if it differs from their preferred choice.
- c) Once the EHC Plan has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing levels of support.

### **Access to the curriculum, information and associated services**

Pupils with SEN will be given access to the curriculum through the specialist SEN provision provided by school as is necessary, as far as possible, taking into account the wishes of their parents and the needs of the individual.

Every effort will be made to educate pupils with SEN alongside their peers in a mainstream classroom setting. Where this is not possible, the SENDCO will consult with the child's parents for other flexible arrangements to be made.

Regular training and learning opportunities for staff on the subject of SEN and SEN teaching are provided both in school and across the family of schools. Staff members are kept up to date with teaching methods which will aid the progress of all pupils including those with SEN.

In class provision and support are deployed effectively to ensure the curriculum is differentiated where necessary. We make sure that individual or group tuition is available where it is felt pupils would benefit from this provision.

We set appropriate individual targets that motivate pupils to do their best, and celebrating achievements at all levels.

### **Inclusion of pupils with SEN**

The Head teacher and SENDCO oversee the school's policy for inclusion and are responsible for ensuring that it is implemented effectively throughout the school.

The school curriculum is regularly reviewed to ensure that it promotes the inclusion of all pupils. This includes learning outside the classroom.

We will seek advice, as appropriate, around individual pupils, from external support services through the termly 'Multi-Agency meetings'.

Advice will be sought from the Behaviour Improvement Team for children who have behavioural concerns. Where a behavioural incident warrants exclusion, schools have a duty to inform the Local Authority.

### **Evaluating the success of provision**

In order to make consistent continuous progress in relation to SEN provision we encourage feedback from staff, parents and pupils throughout the year. This is done in the form of an annual parent and pupil questionnaire, discussion and through progress meetings with parents.

Pupil progress will be monitored on a termly basis in line with the SEN Code of Practice.

SEN provision and interventions are recorded on individual support plans (IEP or IBP) and class provision maps, which are updated when the intervention is changed. These are updated and monitored by the

SENDCO and class teacher. These reflect information passed on by the SENDCO at the beginning of an academic year and are adapted following assessments. These interventions are monitored and evaluated termly by the SENDCO and information is fed back to the staff, parents and Governors. This helps to identify whether provision is effective.

The SEN Linked Governor holds a meeting with the SEN Coordinator each year. This enables professional dialogue with regard to provision and provides the structure to monitor effectively the impact of SEN provision at school.

### **Complaints procedure**

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made by them to speak to the Head teacher or Senior Leadership Team, who will be able to advise on formal procedures for complaint.

### **In service training (CPD)**

We aim to keep all school staff up to date with relevant training and developments in teaching practice in relation to the needs of pupils with SEN.

The SENDCO attends relevant SEN courses, SEN meetings and facilitates/signposts relevant SEN focused external training opportunities for all staff.

We recognise the need to train all our staff on SEN issues and we have funding available to support this professional development. The SENDCO, with the Senior Leadership Team, ensures that training opportunities are matched to school development priorities and those identified through the use of provision management.

### **Links to support services**

The school continues to build strong working relationships and links with external support services in order to fully support our SEN pupils and aid school inclusion.

Sharing knowledge and information with our support services is key to the effective and successful SEN provision within our school. Any one of the support services may raise concerns about a pupil. This will then be brought to the attention of the SENDCO who will then inform the child's parents.

### **Working in partnerships with parents**

We believe that a close working relationship with parents is vital in order to ensure early and accurate identification and assessment of SEN leading to appropriate intervention and provision; a good level of social and academic progress and personal and academic targets are set and met effectively.

In cases where more frequent regular contact with parents is necessary, this will be arranged based on the individual pupil's needs. The SENDCO may also signpost parents of pupils with SEN to the local authority Parent Partnership (IASS) service where specific advice, guidance and support may be required.

If an assessment or referral indicates that a pupil has additional learning needs the parents and the pupil will always be consulted with regards to future provision. Parents are invited to attend meetings with external agencies regarding their child, and are kept up to date and consulted on any points of action drawn up in regards to the provision for their child. The school's SEN Governors may be contacted at any time in relation to SEN matters.

### **Links with other schools**

The school works in a cluster network group with the other schools in the authority. This enables the schools to build a bank of joint resources and to share advice, training and development activities and expertise.

### **Links with other agencies and voluntary organisations**

At Robins Lane we invite and seek advice and support from external agencies in the identification and assessment of, and provision for, SEN. The SENDCO is the designated person responsible for liaising with the following:

- Educational Psychology Service
- Behaviour Improvement Team
- Social Services (Child Protection co-ordinator liaises)
- Speech and Language Service (Class teacher also liaises)
- Language and Social Communication Service
- Early Help/Intervention
- Learning Support Service
- Occupational Health Therapy
- Paediatrician
- Physiotherapy
- School inclusion officer

In cases where a child is under observation or a cause for concern, focused meetings will be arranged with the appropriate agency.

### **Extended Service Provision**

Extended Services operating from Robins Lane adhere to the policy and procedures of this adopted school policy.

### **Links with other policies and documents**

This policy links to our policies on:

- Behaviour
- Equality information and objectives
- Supporting pupils with medical conditions
